Research Interests

Computational social science; network science; simulation modeling; media ecosystems; information diffusion; multimodal AI.

Education

Carnegie Mellon University **Pittsburgh, PA**
PhD in Societal Computing, GPA: 3.7, Advisors: Dr. Kathleen M. Carley, Dr. Patrick Park. *2022–present*
Research in computational social science, misinformation detection, webgraph analysis, and multimodal AI.

Georgia Institute of Technology **Atlanta, GA**
MSc in Computer Science, GPA: 3.7 *2021–2022*
Specialization in machine learning, reinforcement learning, knowledge-based AI, AI ethics, and network science. Contributed to a virtual teaching assistant for large-scale online learning with the Design & Intelligence Lab.

University of Edinburgh **Edinburgh, UK**
BSc in Computer Science, GPA: 4.0 *2014–2018*
Thesis: mapping DNN/CNN primitives to FPGA fabric via extended compiler support for heterogeneous architectures.

Industry Experience

Meta (Facebook) **London, UK**
Machine Learning Engineer *2020–2021*
Built detection systems that significantly reduced impersonation and identity fraud on Facebook and Instagram.

Software Engineer *2018–2019*
Built response systems to prevent coordinated inauthentic behavior targeting the 2019 Indian and EU elections. Deployed ML models to automate abuse reporting, saving ∼$10M/year.

Software Engineering Intern *2017–2018*
Added an SVG renderer to the augmented reality graphics engine; automated publication of scripting API documentation.

Codeplay **Edinburgh, UK**
Software Engineer, Part-time *2015–2016*
Worked on the LPGPU2 project funded by the *Horizon 2020* research and innovation programme. Built a cross-platform GPU profiling tool, which was subsequently presented at IWOCL and featured by the Khronos Group.

Fellowships and Awards

2024 – 2026: Knight Fellow: Transdisciplinary research fellowship

Teaching and Mentorship

2026: *Teaching Assistant (Fall 2026)*. Computational Modeling of Complex Socio-Technical Systems (17-821/17-621), Carnegie Mellon University. Instructor: Prof. Kathleen M. Carley

2025: *Undergraduate Research Mentor*. REUSE Program, Carnegie Mellon University

2025: *Computer Science Pedagogy Student*. 15-890, Carnegie Mellon University. Instructors: Michael Hilton, Franceska Xhakaj. Developed curriculum for future courses on misinformation and trust and safety systems; prepared teaching philosophy and portfolio

2025: *Instructor*. OMEN Exercise (Operational Mastery of the Information Environment). Led training sessions on misinformation detection and countering

2024: *Volunteer Organizer*. S3D Lunch & Learn Series, Carnegie Mellon University (2 years). `https://s3d.cmu.edu/events/lunch-and-learn.html`

2023: *Instructor*. CASOS Summer Institute, Carnegie Mellon University. Delivered modules on network robustness measures, stance detection, misinformation detection, and LLM hallucinations. Summer '23, '24, '25, & '26.

2022: *Teaching Assistant*. Knowledge-Based AI (CS7637), Georgia Institute of Technology. Instructor: Prof. Ashok Goel. Spring 2022

2021: *Student of CS 6460, Educational Technology*. Georgia Institute of Technology. Instructor: Dr. David Joyner. Research project deploying Jill Watson virtual TA on Piazza for large-scale online learning

Professional Service

2026: *Workshop Organizer*. 2nd Workshop on Misinformation Detection in the Era of LLMs (MisD), co-located with ICWSM 2026, Los Angeles, CA

2026: *Panel Host*. Conference Panel on AI Governance, SBP-BRiMS 2026

2026: *Reviewer*. COLM Workshop: Large Language Model Memorization (L2M2 2026)

2026: *Reviewer (Program Committee)*. International AAAI Conference on Web and Social Media (ICWSM 2026)
2026: *Reviewer (Program Committee)*. International Conference on Computational Social Science (IC2S2 2026)
2025: *Admissions Committee*. REUSE Program Admissions, Carnegie Mellon University
2025: *Reviewer*. ACL Workshop: Large Language Model Memorization (L2M2 2025)
2025: *Seminar Organizer*. Computational Social Science Seminar, Carnegie Mellon University
2025: *Student Volunteer*. ICWSM 2025, Copenhagen, Denmark
2024: *Reviewer*. Information Democracy & Social – cybersecurity Conference (IDeaS 2024)
